The editorial board of the *International Journal of Information Resource Management (IJIRM)* is delighted to bring to you the first quarter, 2026 issue of the journal. The International Journal of Information Resource Management (IJIRM) is a high quality peer-review scholarly journal published quarterly in the University of Nigeria, Nsukka. The journal is devoted to the dissemination of relevant, contemporary issues and general knowledge in all areas of Information resource management and related areas.

This issue, as the previous ones, has a good mix of high quality empirical, opinion and theoretical papers. After a thorough peer review process, Fifty (50) papers out of over 85 papers were selected and included in this issue. The editorial board of the journal is grateful to all who have contributed to this edition and have patiently waited for it. Articles in this volume cover many aspects of library and information science, especially on novel and emerging areas. These include papers on various areas and aspects of information resource management and emerging applications and technologies, global best practices in LIS, developments in LIS education and service, archives, and information entrepreneurship.

We have no doubt that these articles will meet the multifarious teaching, learning, and research interests of Library and Information professionals and students. We therefore, invite you to take time to savor this varied menu of professional literature.
